

*This is one of the most innovative training developments I have seen in many years!
The environment, the facilitators and the horses were fantastic!*

*The personal learning during the day was subtly developed and has had a big impact
on the day to day way of working.*

*The potential for using this course to embed or enhance other Learning &
Development programmes is huge, anything from understanding personal
management styles, team building, body language or customer service skills.*

I would highly recommend this course to anyone!"
